

2025

ABOUT US

Altezza Life is an **emerging global pharmaceutical force rooted in India**, specializing in the supply of high-quality Active Pharmaceutical Ingredients (APIs), semi-finished and finished formulations, and botanical extract innovations. Guided by the ethos **“Elevating Health Realms,”** we combine rigorous scientific expertise with strategic foresight to deliver safe, reliable, and effective healthcare solutions that meet the evolving needs of patients, healthcare professionals, and international partners.

GUIDING PRINCIPLES

Vision

To transform global healthcare with innovative, sustainable pharmaceutical solutions that enhance quality of life.

Mission

Deliver research-led, quality-driven APIs and formulations;
expand affordable, accessible healthcare;
and cultivate strategic alliances that reinforce a transparent, resilient pharmaceutical ecosystem.

OUR OFFERINGS

☑ Active Pharmaceutical Ingredients (APIs)

- Sourced exclusively from GMP-certified manufacturers
- Comprehensive regulatory dossiers (DMF, CEP, WC, etc.)
- Technical support across formats and grades

Precision in Every Molecule

☑ Finished Dosage Forms

- Diverse offerings including tablets, capsules, syrups, injectables
- Prepared via WHO-GMP certified facilities, with CTD dossiers available
- Supports both private label and branded export options

☑ Botanical & Plant-Based Extracts

- Standardized herbal actives and nutraceutical blends
- Full traceability and analytical rigor

☑ Custom Development & Contract Manufacturing (CDMO)

- Tailored B2B services: from formulation R&D to sourcing, regulatory support, and documentation

Why Altezza Life?

- Global-scale operations supported by local market insight
- Agile supply chain management ensures dependable delivery
- Deep expertise in global regulatory & documentation support
- Unwavering commitment to quality, compliance, and scientific rigor
- Ethical, transparent, and reliable long-term partnerships

**WHAT SETS
US APART**

Strategic Capabilities

- Regulatory dossier preparation :
DMFs (USDME, CEP, WC), CTD for formulations
- Analytical services: stability studies, COAs,
batch traceability
- Certifications management: GMP, COPP, FSC

**Turning
Capabilities into
Customer Success**

Competitive Strengths

- Robust industry experience and deep technical expertise
- Expansive global network with strong regulatory understanding
- Client-centric, agile business model with consultative service
- Visionary leadership supported by scientific advisory committees
- Planned investments in in-house R&D and API manufacturing capabilities

Growth Roadmap

- Initiating in-house API manufacturing and a dedicated R&D facility
- Expanding the dossier portfolio for finished formulations with broader therapeutic scope
- Strengthening and diversifying global market engagement across regulated and emerging economies
- Establishing strategic alliances to support clinical development and pharmacovigilance
